

## Buyer

- **Remove** the name of the pages for all buyer pages except the new address page

## Seller

- **Remove** the name of the pages for all seller pages except the new branch location page (Same point for the buyer)
- Change **My Sales** to **My Orders** in the left panel
- Change the work **Commission** to **Charges** in all places like dashboard page and Finance page
- Change **Stores** to **Branch Location** (Don't forget to that in everywhere in the website) (Also don't forget when to write Branches and when to write Branch)
- Make the option to **add new branch location** to be a button like what you did buyer address book

## EXTRA General Points

- Don't forget to change the Address in the checkout page also
- Change the UAE Flag to Kuwait Flag in the website language option
- Please add the option of saving the credit Card on the payment page.  
The idea is to make the payment easier for the customer to in the next time, please advise us with the safest way to save the credit cards in the customer profile
